

## House rules.

- Residents are encouraged to treat the house like a home and be mindful of their neighbors.
- The common areas are meant to be shared by all residents and they are encouraged to keep them tidy. If having a get-together, please keep your neighbors and the common quiet time in mind.
- All tobacco use is forbidden in FÉSTA housing. FÉSTA encourages residents to drink alcohol responsibly.
- Residents are not to do anything between 24:00 and 7:00 that can disturb their neighbors. The front door should be locked between 23:00 and 7:00.
- Residents are reminded that they are University students, the workload is not the same for all students, but final exams are in December and April/May.
- Please do not leave lights on in common rooms that are not in use, the bill for heating and electricity is shared.
- No pets are allowed in FÉSTA housing.
- Residents must make sure common storage rooms are tidy. Nothing should be left in storage rooms that can cause a foul smell or cause disturbance to other residents. The storage room for bicycles and carriages are meant for those things only.
- Residents should not leave bicycles or other things by the front door, in hallways or staircases, that are in the way or cause a disturbance to others.
- All trash must be properly disposed of. All FÉSTA housing has recycling bins where residents can properly dispose of their trash. Residents are reminded that cans and bottles can be collected and returned at for cash on card at *Endurvinnslan*.
- All residents have the right to use the laundry room from 8:00 in the morning until midnight. Therefore, all residents must leave the laundry room tidy and abide by laundry room rules. The usage of washing machines and dryers is included in the rent but residents must use them appropriately and let the house supervisor know if something is wrong or the machines are broken.
- These rules are made to make sure that residents know they have a duty towards the students housing and their neighbors, and to be respectful of both.
